- Provided advice and education on hygiene according to the guidelines of the Ministry of Health during the **Covid-19** disease regularly to all students, teachers and staff, as well as taking training courses (Workshop) about oral health care, washing hands regularly with soap and alcohol.
- The students were additionally educated about living tidy, eating, drinking and sleeping in a mosquito net to prevent from the illnesses and doing psychological exercise.
- Check the temperature and alcohol to staff, teachers and students before work and before school. More importantly, at present, **Future of Khmer Children Organization** has educated people to live in a new way in the context of **Covid-19** disease and has strictly followed and implemented all the instructions of the Ministry of Health as well as the Royal Government.
- Leaders, staff, teachers of **Future of Khmer Children Organization** have received Covid-19 vaccine the first time, the second time and the third time, everyone is ready and waiting for the fourth time.

VI. The Community

- The water pumps and wells were repaired for people who live in the target villages. Moreover, they were introduced to; 'How to use the water wells and pumps to last a long time' and how to grow seeds as well.
- In the first quarter of 2022, each month, **F.K.C** visited the target villages in the communities in some communes located in Siem Reap City / Siem Reap Province to collect data on the population as well as poor students. In the past, **F.K.C** has supported some students to study at universities and some students study at **F.K.C** schools. Meanwhile, in the first quarter of 2022, **F.K.C** also provided a water well (pump) to two families in Nokor Krao Village, Kork Chak Commune, Siem Reap City, Siem Reap Province. These donations humanitarian donations from Australia.
- At the same time, we also supported 50 families - guardians of students, with supplies such as: groceries (rice, fish sauce, soy sauce, sugar, noodles) and transportation (bicycles) to students who lack transportation to go to school and other needs. In fact, in the first quarter of 2022, through **Mr. Francois** and **Ms. Vironique**, French people, representing the **Association Organization G-UNE ELOLE**, supported 16 poor children of **F.K.C** students and 15 families every month in 2022.
